

# Can girls bend it like Beckham?

Answer Sheet

NAME: \_\_\_\_\_

Decide which bars represent male data and which show female data. Correctly shade in the legend below the graph. Write a paragraph explaining how you made your decision.

Male                      Female

Participation (age 16+) of selected sport by gender 2000-2001  
(Values given in percentages)

Activity	Men	Women
	19	23
	15	4
	13	17
	12	7
	10	1
	9	1
	8	18
